

Request an Arrow of Light Ceremony

Request an Arrow of Light Ceremony

The OA chapter is available to conduct Arrow of Light ceremonies for fifth grade Webelos. We will do our best to honor your request. Please remember that availability depends upon our youth's busy school, sports and Scouting schedules. Locations of ceremonies that are outside of the district's boundaries may be difficult for the ceremonialist to attend. If you have a small number of Webelos, consider combining the ceremony with another pack. Also, please coordinate the date of the Arrow of Light ceremony with the [troop\(s\)](#), the Webelos are planning to join. The troops most likely will want to send a representative and may even want to have Scouts from their troop conduct the ceremony.
